

**Observation of  
"World Health Day"**

**Organized by**

**NCC Unit**

**Sri Ramkrishna Sarada Vidyamahapitha**

On April 7, 2022, the NCC unit of Sri Ramkrishna Sarada Vidyamahapitha orchestrated a proactive observation of World Health Day. In an impactful initiative, more than 82 students and teachers participated in a health-focused rally, spanning from the college campus to Kamarpukur village. The primary aim was to disseminate crucial information on maintaining health and safety. The rally emphasized not only individual well-being but also imparted knowledge on promoting community health. The program's outcome was particularly impactful, as it provided essential healthcare information to the underprivileged people in the locality. Participants shared insights on hygiene practices and educated the community on how to observe and adopt good health practices, contributing significantly to securing the well-being of both individuals and the broader community.
