

"Awareness Rally on AIDs"

Organized by

NCC Unit

Sri Ramkrishna Sarada Vidyamahapitha

On December 1, 2021, the NCC unit orchestrated an impactful Awareness Rally on AIDS, encompassing the participation of the entire NCC unit. The primary objectives of the rally were to foster awareness about the formidable disease, AIDS, emphasize strategies for preventing HIV transmission, and work towards establishing vigilant surveillance while diminishing the stigma associated with the ailment. The rally, spanning from the college campus to Kamarpukur village, aimed to spread knowledge and understanding, acting as a vital step in creating a more informed and compassionate community.

The Awareness Rally on AIDS proved to be an enlightening and impactful event, shedding light on the crucial issue of HIV. The program successfully emphasized the fact that HIV is a disease that doesn't discriminate – it can affect anyone regardless of their background, age, or gender. This reality underscores the importance of spreading awareness among students. By equipping students with knowledge about the disease and how to protect themselves, the rally played a pivotal role in preventing the transmission of HIV. Empowering students with information about safe practices and dispelling misconceptions is an essential step towards creating a healthier and more informed society.
